

## Commission for a Replacement Light Shade

I am looking for a glass blower to make a replacement light shade to match a hanging light fitting in the same style.

### Dimensions:

Broken shade measures 19cm (7.5") tall

Width at its widest bottom point 22cm (8.5")

Width at its narrowest top point 18cm (7")

### Images of the broken shade.

Light fitting that the shade needs to fit to:

Complete Hanging Light that the wall mounted light matches
