

Glass Studio Contents For Sale:

Due to bereavement, I am hoping to find a new home for the comprehensive contents of my husband's glass studio, collected over about 14 years in retirement. Ideally it would be suited as a start-up package or as an addition to an existing business, with an educational element. My husband was a teacher so an appropriate legacy!

Preferably to be sold in one lot but offers considered for separate kiln, glass and tools lots.

If genuinely interested in any of it, please call to discuss sensible offers.

All as seen.

Buyer collects.
